**General Assembly Compensation Commission**  
**Current Resolution**  
**Effective from January 12, 2011, Until Superseded by Any Succeeding Resolution**

**Item 3A**

Participation	Optional enrollment allowed at any time with one opportunity to purchase earlier service.
Vesting	After eight years of creditable service.
Member Contribution	5.0% of annual salary, up to 22 years and three months.
Retirement Allowance	3.0% of salary of active legislator for each year of service.
Maximum Allowance	66.67% of salary payable to an active legislator.
Cost-of-living Adjustment	Benefit recalculated based on salary increases for active legislators.
Eligibility	
Normal Retirement	Age 60 with at least eight years of service.
Early Retirement	Age 50 with at least eight years of service, actuarially reduced 6.0% for each year under age 60 (maximum reduction 60.0%).
Survivor's Allowance/Death Benefit	
Non-vested, Active Legislator	Surviving spouse, or designated beneficiary if no surviving spouse, receives lump-sum payment of one year's salary, if any, plus return of member's contributions (with interest).
Vested Active or Former Legislator	If there is no spouse and the member has designated multiple beneficiaries, then the beneficiaries share equally the lump-sum payment noted above.

	<p>Surviving spouse, or designated beneficiary if no surviving spouse, may elect either the lump-sum payment noted above <u>or</u> a monthly benefit of 50% of allowance accrued at member's death. Payment to surviving spouse begins at member's death. Payment to designated beneficiary begins at age 60, or actuarially reduced at age 50.</p> <p>If there is no spouse and the member has designated multiple beneficiaries, then the beneficiaries share equally the lump-sum payment noted above.</p>
Retired Legislator	<p>Surviving spouse, or designated beneficiary if no surviving spouse, receives a monthly benefit of 50.0% of allowance accrued at member's death. Payment to surviving spouse begins at member's death. Payment to designated beneficiary begins at age 60, or actuarially reduced at age 50.</p> <p>If there is no spouse and the retiree has designated multiple beneficiaries, then the beneficiaries share equally the balance of the actuarial equivalent present value of the retiree's basic allowance computed at the time of retirement.</p>
Optional Allowances	<p><b><i>Option A (100% Survivor Benefit):</i></b> Provides reduced allowance to retiree. 100% of benefit paid to spouse or designated beneficiary for life.</p> <p><b><i>Option B (10-year Certain Benefit):</i></b> Guarantees a reduced allowance to the retiree for a minimum of 10 years. The retiree receives an allowance for lifetime. Should the retiree die before receiving this payment for 10 years, the spouse or designated beneficiary will receive the benefit until 10 years from the date of the retiree's death.</p> <p><b><i>Option C (Special Option):</i></b> Allows the retiree to personalize a reduced benefit. At the retiree's death, the spouse or designated beneficiary will receive a specific percentage of the retiree's reduced allowance, which was established by the retiree at the time of retirement. The spouse or designated beneficiary receives the payments for life.</p>

Disability Benefit	If totally disabled, a vested member receives a normal retirement allowance regardless of age.
Less Than Eight Years Service	A legislator who leaves office with less than eight years of service may (1) withdraw member contributions; (2) pay member and State contributions to accumulate eight years; <u>or</u> (3) transfer legislative service to another State system in which the member participates. A legislator who resigns to become a State judge is entitled to a retirement allowance regardless of years of legislative service.

#### **Item 3B – Fringe Benefits – Retired Legislators**

Qualify for State health insurance benefits and a subsidy equal to 1/16 of the full State subsidy for each year of service.

May participate in benefit programs available to retired State employees (*i.e.*, deferred compensation programs and credit union services).

#### **Item 4 – Forfeiture of Benefits**

An individual who is a member or retiree of the plan will forfeit all legislative retirement benefits in the plan if the individual is convicted of a crime committed during the individual's term of office and the crime is a felony or serious misdemeanor relating to the individual's public duties as a legislator. The convicted member or retiree is entitled to a return of employee contributions, plus interest, less any benefits already paid to a retiree. The benefits will be restored if the conviction is overturned.

**Major Components of the 2011 Pension Reform in Maryland**

## **Overview**

- During the 2011 session, the General Assembly passed comprehensive pension reform that affected pension benefits for almost all current and future State employees. The reforms did not affect individuals who were already retired.
- Pension reform was necessary to address two issues with regard to public employee pensions: the long-term sustainability of the State's pension plans and the affordability of the State's contributions to those plans.
- Pension reform made changes to various elements of the following State pension plans: the Employees' Pension System, the Teachers' Pension System, the State Police Retirement System, the Law Enforcement Officers' Pension System, and the Correctional Officers' Retirement System.
- Pension reform did not make changes to the Legislative Pension Plan for members of the General Assembly, the pension plan for the Governor, or the Judges' Retirement System because the salary and benefits for these individuals is set through a compensation commission process.
- However, the legislation that enacted the 2011 pension reform included a provision that requires the compensation commissions for the General Assembly, the Governor, and the Judiciary to take into account the sustainability of the pension systems and include specific recommendations in their reports concerning appropriate benefit and member contribution levels.
- During the 2012 session, legislation was passed that made changes to the contribution rate and the vesting period for certain members of the Judges' Retirement System.
- As described below, pension reform made changes to employee contributions, benefit multipliers, eligibility requirements, average final compensation, cost-of-living adjustments, and retiree health eligibility. (For additional information, see Exhibit 3.)

## **Employee Contributions**

- Pension reform increased the percentage of the amount of an employee's salary that the employee must contribute in certain pension plans.

- Employees in the Employees' Pension System, the Teachers' Pension System, and the Law Enforcement Officers' Pension System pay an increased contribution rate as of July 1, 2011.
- Employees in the Judges' Retirement System pay an increased contribution rate as of July 1, 2012.
- The employee contribution rate remained the same for the State Police Retirement System, the Correctional Officers' Retirement System, the Legislative Pension Plan, and the Governor's Pension Plan.

## **Benefit Multipliers**

- Pension reform decreased the benefit multiplier for employees hired on or after July 1, 2011, in the Employees' Pension System and the Teachers' Pension System.
- These employees have a benefit multiplier of 1.5% of salary whereas employees in those systems that were hired on or before June 30, 2011, have a benefit multiplier of 1.8%.
- The benefit multiplier remained the same for all other systems.

## **Eligibility Requirements**

- Pension reform increased certain eligibility requirements to receive a retirement allowance from certain State pension plans.
- The time period required for an employee to vest in the pension system was increased in the Employees' Pension System, the Teachers' Pension System, the State Police Retirement System, the Law Enforcement Officers' Pension System, the Correctional Officers' Retirement System, and the Judges' Retirement System.
- Vesting requirements remained the same in the Legislative Pension Plan and the Governor's Pension Plan.
- The age at which employees are eligible to retire with a normal service retirement allowance or an early retirement allowance was increased in the Employees' Pension System, the Teachers' Pension System, and the State Police Retirement System.
- Retirement age requirements remained the same in the Correctional Officers' Retirement System, the Legislative Pension Plan, the Governor's Pension Plan, and the Judges' Retirement System.

## Average Final Compensation

- Pension reform increased the number of consecutive years over which certain employees' average final compensation (AFC) is calculated.
- The AFC used to calculate retirement allowances for members of the Employees' Pension System, the Teachers' Pension System, the State Police Retirement System, the Law Enforcement Officers' Pension System, and the Correctional Officers' Retirement System who are hired on or after July 1, 2011, will be based on the five consecutive years that provide the highest average compensation, rather than three years. (For members of the State Police Retirement System and the Correctional Officers' Retirement System, the five years do not need to be consecutive.)
- Since an employee tends to earn less in earlier years of employment, requiring the AFC to be calculated using a longer time period will typically result in a lower AFC.

## Cost-of-living Adjustments

- Pension reform decreased the amount of cost-of-living adjustments (COLA) for future retirees of all systems except for the Legislative Pension Plan, the Judges' Retirement System, and the Governor's Pension Plan.
- All active employees of the other State systems now have COLAs that are linked to the performance of the State's pension system investments.
- For service credits earned after June 30, 2011, the COLA will be linked to the performance of the investment portfolio. If the portfolio earns its actuarial target rate, the COLA is subject to a 2.5% cap. If the portfolio does not earn the target rate, the COLA is subject to a 1.0% cap.
- In addition, the maximum amount of an annual COLA that a future retiree may receive was reduced from the previous 3.0% cap to a 2.5% cap.

## Retiree Health Eligibility

- For all systems except the Legislative Pension Plan and the Judges' Retirement System, pension reform increased the number of years employees must work in order to qualify for a State retiree health insurance subsidy and increased the number of years an employee must work to receive the maximum State subsidy.

- Employees hired on or before June 30, 2011, must have 5 years of service to qualify for a State retiree health insurance subsidy of 1/16 per year and must have 16 years of service to qualify for the full subsidy; however, employees hired on or after July 1, 2011 must have 10 years of service to qualify for a State retiree health insurance subsidy of 1/25 per year and must have 25 years of service to qualify for the full subsidy.
